

Building Safer School Environments

A New Fire Alarm System for Nutgrove Methodist Church Primary School

CASE STUDY

SECTOR
Education

CLIENT
Nutgrove Methodist
Church primary
school

The Fire Safety Order (FSO) 2005 details all of the necessary precautions and requirements for fire prevention in schools and educational institutions. Part of any successful fire safety strategy must include a fully equipped and maintained fire alarm system to alert and notify everybody in the building in the event of a fire breaking out. Nutgrove Methodist Church Primary School recently trusted BPG with this responsibility to fulfil and update compliance in the most successful way.

Installing Intelligence

The BPG team understands that every job requires researching and supplying the greatest materials, products & resources. Exceeding expectations means only ever using the best in class tools for the job and knowing how to get the maximum value from any investment. For Nutgrove Methodist Church Primary School we wanted to be confident that they would have the advantages of the next generation of fire detection & alarm systems available to them.

Scope of Works

- Installation of new C-Tec Cast Fire Detection & Alarm system across the entire building
- New external Fire Exit doors supplied & fitted to FSO 2005

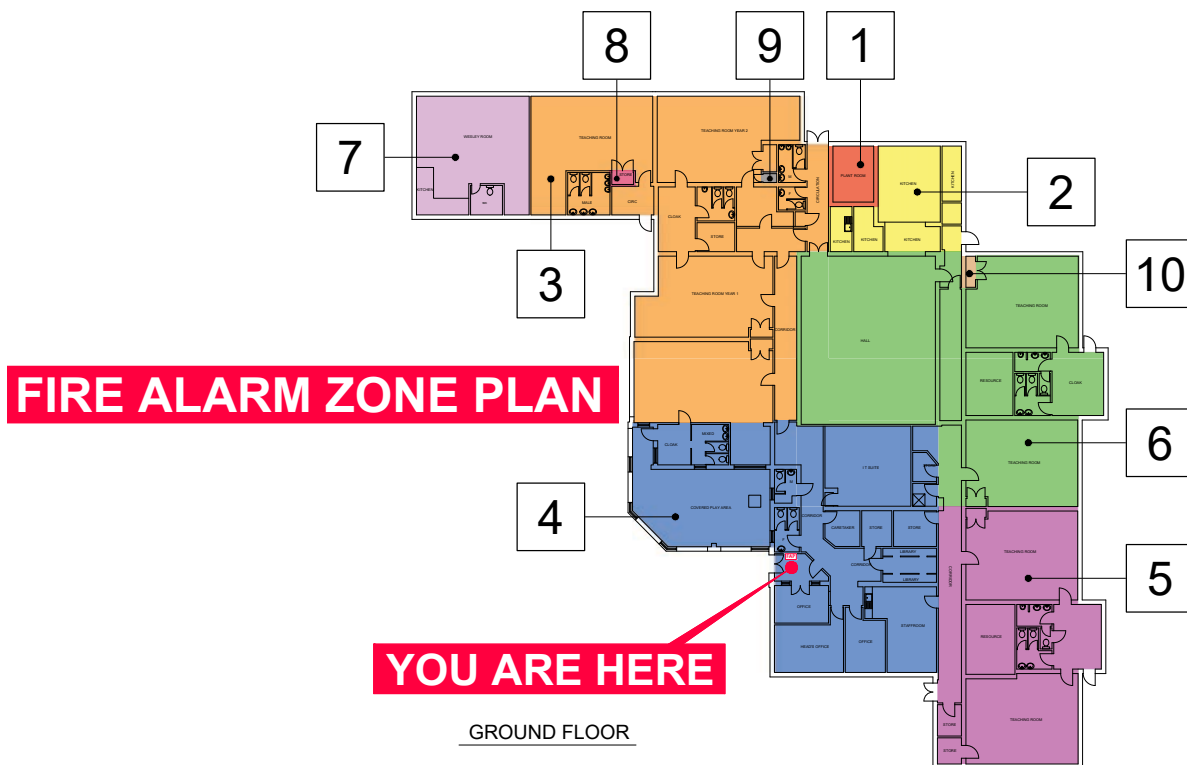

BPG - The Perfect Schools Partner

The Building Projects Group team is proud to complete education projects such as this one at Nutgrove Methodist Church primary school. Our commitment to quality and exceeding expectations in high care environments makes us a clear choice for any building projects that modern schools require for updates, maintenance and compliance or in new builds from consultancy to completion.

High Care for Education Guarantee

The BPG High Care for Education Guarantee is developed through our extensive knowledge and experience in this sector. It is only ever awarded when the team are confident that the Building Projects Group standards have been met on all tasks by every team member and subcontractor involved.

This guarantee acts as an instant seal of approval for our clients to know that the BPG methodology and philosophy has been successfully followed on a school or education project.

Let's Get Talking

Talk to us today about your fire safety strategy projects for your school. The team is always happy to chat through our experience and show how we can help in the most valuable and efficient way.
